## Our Key Priorities for 2024-25

We will continue focusing on the following areas to enhance the learning experience for all our young people:

### 1. Learning, Teaching, and Assessment

- We are improving how we deliver **Adaptive Learning**, which tailors learning to meet the individual needs of each learner.
- We will be implementing the **'Mode B' strategy**, which involves using a mix of teaching methods to ensure the best learning outcomes over time.
- Staff will continue to receive support to enhance their teaching, including the use of **Digital Technology** and **AI** in education.
- We will work to ensure all our learners are **Ready to Learn**, encouraging positive behaviour in class.
- We will closely monitor **attainment** and **personal achievements**, with special attention to supporting vulnerable learners who may need extra help.

### 2. Inclusion, Wellbeing, and Nurture

- We aim to improve overall **attendance** by tracking it more carefully and providing timely support when needed.
- We will continue to promote **equity and equal opportunities** for all, ensuring a welcoming and inclusive environment where every young person is treated with respect and given equal access to opportunities.

## Ongoing Improvements for 2024-25

- We will be using **Data-Driven Instruction** in the Senior Phase to help improve learner performance.
- We are developing the use of **Showbie** in classrooms and with parents/carers to better support learning at home.
- Our **reporting processes** will be improved to involve parents and carers more effectively.
- We are committed to providing high-quality **professional development** for all staff to ensure they continue to grow and improve in their roles.
